

# RIO GRANDE BASIN ROUNDTABLE

*The RGBRT fosters cooperation in Colorado's Rio Grande basin through support of multi-purpose projects that help us manage, protect, and sustain water use for today and into the future*

## Map of the Rio Grande Basin

## Who We Are

The Rio Grande Basin Roundtable (RGBRT) is a diverse group of stakeholders committed to addressing water challenges in the Rio Grande Basin. Our mission is to support sustainable water management through collaboration, education, and resource planning. We bring together agricultural users, municipalities, conservationists, and industry representatives to ensure responsible water stewardship. The RGBRT administers the Water Supply Reserve Fund grant program and can provide letters of support for other grants.

## Our Goals

- Healthy watersheds that provide critical ecosystem services, resiliency, improve water quality, and enhance local wildlife habitats
- Aquifers with sustainable supplies of groundwater
- Vibrant and resilient agriculture, recreation, municipal, and industrial economies
- Adaptive, flexible, and creative water administration
- Citizens who are engaged and informed on local, state, and regional water issues

## Get Involved!

- Join us in shaping the future of water in the Rio Grande Basin! Attend our meetings, participate in discussions, and contribute to water projects in your community.
- Monthly meetings are held on the **second Tuesday of each month 2pm at the Rio Grande Water Conservation District** and virtually via Zoom.
- Check our website - **rgbirt.org** - for updates on upcoming meetings and events, funding opportunities, and more.
